## EUCH DAILY NEWS

6th European Universities Handball Championship, Rijeka, Croatia

**Dr. sc. Radovan Fuchs**, Ministry of science, education and sport

*„In my opinion the future of university sports is very bright. I believe the organisation of student-athletes on local and national university levels to be extremely important. That way together we contribute to the development of student sport as a way of life.“*

Dear participants,

Another day filled with matches and excitement in the fields has passed. With the weather temperature above 30°C there have been played a total of 13 matches. We bring you some impressions from the fields.

Haute Ecole Province de Liege vs. University of Belgrade

Nemanja Cvetinović has been selected as the best Belgrade team player:

*„This game has served us to become coordinate for tomorrow's very important match with the Leipzig team, after we convincingly won the game against Istanbul Bilgi University. We demonstrated that our team possesses a „wide bench“ since every one of our players is able to come in as a replacement, which is a very important thing in his kind of championships.“*

In the Haute Ecole Province de Liege team the most notable was Johan Valkeners:

*„We were no match for their strong defence, and we didn't have almost no solutions for the offence. We don't have an adequate cover for most of our positions, and we entered the match with lack of enthusiasm knowing that the Belgrades are the championship favorites.“*

Today at 11:15 AM the **President of the Republic of Croatia, prof.dr.sc. Ivo Josipović** will be visiting us! The president will come to the Zamet sports hall to greet the athletes, organizers and volunteers and by passing the ball he will indicate the beginning of the second half-time of the match between the University of Zagreb and Rostov Institute Russian State University of Trade and Economics. The appearance of the president of Croatia is an acknowledgement to all the participants and people involved in the organisation of the Championship and a proof of his aliment to this kind of sports and academic alliance. Let's all thank the President for his back up and his understanding and greet him in the best possible way we can!
